YOUR CHAMBER OF COMMERCE

The mission of the Seminole County Chamber is to serve the interest of our members and the business community by providing programs, services and leadership to enhance the economic vitality and quality of life in our community. Our chamber membership includes most of the top businesses in the region. Our board is built on proven leadership in our community. Our staff is comprised of the most dedicated chamber staff anywhere. We're here to help you meet the needs of your business and reach your goals through your investment in the Seminole County Chamber.

In 2019, the U.S. Chamber of Commerce designated the Seminole County Chamber with an accredited status. This follows our designation by the Florida Association of Chamber Professional's Certified Plus designation in 2015. We are just the second chamber in the four-county area to be accredited and we were the first to receive the Certified Plus designation.

These designations recognizes high standards in all aspects of business, from innovation to following strict standard operating procedures. Included in the application are details of every portion of the chamber's business, including organization management, professional administration, financial management and marketing/public relation.

Only 15 chambers in Florida have received accreditation by the U.S. Chamber and only 16 chambers in Florida have received the Certified Plus designation.
