Introduction: This is a request for City Council to approve a public referendum of the City's electorate for the purposes of renewing the City's Economic Development Ad Valorem Tax Exemption program for an additional ten (10) years.

Discussion: At its May 16, 2022, meeting, the City Council adopted Ordinance No. 1722 approving a public referendum of the City's electorate for the purposes of renewing the City's Economic Development Ad Valorem Tax Exemption program to be held on November 8, 2022. A copy of the May 16, 2022 agenda memorandum, supporting documentation, and Ordinance No. 1722 is provided in Attachment 1.

On August 12, 2022, the City Clerk submitted the referendum ballot language in English and Spanish to the Supervisor of Elections Office. On October 17, 2022, City Staff notified the Supervisor of Elections Office that the City's ballot language had not been printed on the November 8, 2022 sample ballots that were distributed to registered City voters. At its October 17, 2022, meeting, the Supervisor of Elections appeared before the City Council to explain that the City's ballot language was submitted within the prescribed deadline, but was not included in the November 8, 2022 election ballot. To correct this error, the Supervisor offered the City Council an alternative mail-in ballot referendum to held on January 31, 2023, February 21, 2023, or March 7, 2023. Following discussion, the City Council's consensus was to schedule the mail-in ballot referendum for February 21, 2023 with a ballot drop-off intake station located at City Hall from February 13, 2023 through February 17, 2023. The Supervisor stated that his office would cover the costs associated with the mail-in ballot referendum.

Ordinance No. 1722 scheduled the referendum to be held on November 8, 2022. Therefore, at its October 17, 2022 meeting, the City Attorney advised that City Council will need to adopt a new ordinance scheduling the referendum for February 21, 2023. Ordinance No. 1728 repeals Ordinance No. 1722 and schedules the referendum for February 21, 2023. The voting in such

referendum election shall be by mail-in ballot or ballot drop-off at a secure ballot intake station located at City Hall. The secure ballot intake station shall be available for ballot drop-off by duly qualified electors from 8:00 a.m. to 5:00 p.m. from February 13, 2023, through February 17, 2023. The ballot question is dictated pursuant to Section 196.1995, Florida Statutes and shall consist as follows:

PROPOSED ECONOMIC DEVELOPMENT AD VALOREM PROPERTY TAX EXEMPTION
AUTHORIZATION FOR CONSTITUTIONALLY ALLOWED PURPOSES

Shall the City Council of the City of Oviedo be authorized to grant, pursuant to Section 3 of Article VII of the State Constitution, property tax exemptions to new businesses and expansions of existing businesses that are expected to create new fulltime jobs in the City?

_____ YES For authority to grant exemptions.

_____ NO Against authority to grant exemptions.

The City will be reauthorized to grant Economic Development Ad Valorem Tax Exemptions upon a majority vote in favor of the question.

The City of Oviedo's Economic Development Ad Valorem Tax Exemption program was approved by referendum on November 6, 2012. The program is authorized under Article VII, Section 3 of the State of Florida Constitution and Section 196.1995 Florida Statutes, which are provided in Attachment 1. Pursuant to Section 196.1995, Florida Statutes, the authority to provide exemptions expires ten (10) years after the successful referendum, and the authority to renew the exemption may be granted for a subsequent ten (10) year period provided the renewal is approved by referendum. At its March 21, 2022, Meeting, City Council directed Staff to proceed with the process of renewing the Economic Development Ad Valorem Tax Exemption program.

The City's Economic Development Ad Valorem Tax Exemption program is a local option tax incentive for a Qualified Business, which may be granted or refused at the sole and absolute discretion of City Council. The potential exemptions may be applied to the value of new construction, equipment or improvements. The City may only exempt City ad-valorem taxes and may not exempt County taxes, school district assessments or other special district assessments, (MSBU/MSTU), or the City of Oviedo's Streetlight Assessment.

Budget Impact: At City Council's October 17, 2022, meeting, the Supervisor of Elections stated that his office would cover the costs associated with the February 23, 2023 referendum.

Strategic Impact: Reauthorizing the Economic Development Ad Valorem Tax Exemption is consistent with the Economic Vitality and Development Strategic Focus Area.

- A business establishing twenty-five (25) or more jobs to employ twenty-five (25) or more full-time employees in this state, the sales factor of which for the facility with respect to which it requests an exemption is less than 0.50 for each year the exemption is claimed; provided that such business increases operations on a site co-located with a commercial or industrial operation owned by the same business, resulting in a net increase in employment of not less than ten (10) percent or an increase in productive output of not less than ten (10) percent.

1196.1995 Economic development ad valorem tax exemption.—

(1) The board of county commissioners of any county or the governing authority of any municipality shall call a referendum within its total jurisdiction to determine whether its respective jurisdiction may grant economic development ad valorem tax exemptions under s. 3, Art. VII of the State Constitution if:

(a) The board of county commissioners of the county or the governing authority of the municipality votes to hold such referendum;

(b) The board of county commissioners of the county or the governing authority of the municipality receives a petition signed by 10 percent of the registered electors of its respective jurisdiction, which petition calls for the holding of such referendum; or

(c) The board of county commissioners of a charter county receives a petition or initiative signed by the required percentage of registered electors in accordance with the procedures established in the county's charter for the enactment of ordinances or for approval of amendments of the charter, if less than 10 percent, which petition or initiative calls for the holding of such referendum.

(2) The ballot question in such referendum shall be in substantially the following form:

Shall the board of county commissioners of this county (or the governing authority of this municipality, or both) be authorized to grant, pursuant to s. 3, Art. VII of the State Constitution, property tax exemptions to new businesses and expansions of existing businesses that are expected to create new, full-time jobs in the county (or municipality, or both)?

Yes—For authority to grant exemptions.

No—Against authority to grant exemptions.

(3) The board of county commissioners or the governing authority of the municipality that calls a referendum within its total jurisdiction to determine whether its respective jurisdiction may grant economic development ad valorem tax exemptions may vote to limit the effect of the referendum to authority to grant economic development tax exemptions for new businesses and expansions of existing businesses located in an enterprise zone or a brownfield area, as defined in s. [376.79\(5\)](#). If an area nominated to be an enterprise zone pursuant to s. [290.0055](#) has not yet been designated pursuant to s. [290.0065](#), the board of county commissioners or the governing authority of the municipality may call such referendum prior to such designation; however, the authority to grant economic development ad valorem tax exemptions does not apply until such area is designated pursuant to s. [290.0065](#). The ballot question in such referendum shall be in substantially the following form and shall be used in lieu of the ballot question prescribed in subsection (2):

Shall the board of county commissioners of this county (or the governing authority of this municipality, or both) be authorized to grant, pursuant to s. 3, Art. VII of the State Constitution, property tax exemptions for new businesses and expansions of existing businesses that are located in an enterprise zone or a brownfield area and that are expected to create new, full-time jobs in the county (or municipality, or both)?

Yes—For authority to grant exemptions.

No—Against authority to grant exemptions.

(4) A referendum pursuant to this section may be called only once in any 12-month period.

(5) Upon a majority vote in favor of such authority, the board of county commissioners or the governing authority of the municipality, at its discretion, by ordinance may exempt from ad valorem taxation up to 100 percent of the assessed value of all improvements to real property made by or for the use of a new business and of all tangible personal property of such new business, or up to 100 percent of the assessed value of all added improvements to real property made to facilitate the expansion of an existing business and of the net increase in all tangible personal property acquired to facilitate such expansion of an existing business. To qualify for this exemption, the improvements to real property must be made or the tangible personal property must be added or increased after approval by motion or resolution of the local governing body, subject to ordinance adoption on or after the day the ordinance is adopted. However, if the authority to grant exemptions is approved in a referendum in which the ballot question contained in subsection (3) appears on the ballot, the authority of the board of county commissioners or the governing authority of the municipality to grant exemptions is limited solely to new businesses and expansions of existing businesses that are located in an area which was designated as an enterprise zone pursuant to chapter 290 as of December 30, 2015, or in a brownfield area. New businesses and expansions of existing businesses located in an area that was designated as an enterprise zone pursuant to chapter 290 as of December 30, 2015, but is not in a brownfield area, may qualify for the ad valorem tax exemption only if approved by motion or resolution of the local governing body, subject to ordinance adoption, or by ordinance, enacted before December 31, 2015. Property acquired to replace existing property shall not be considered to facilitate a business expansion. All data center equipment for a data center shall be exempt from ad valorem taxation for the term of the approved exemption. The exemption applies only to taxes levied by the respective unit of government granting the exemption. The exemption does not apply, however, to taxes levied for the payment of bonds or to taxes authorized by a vote of the electors pursuant to s. 9(b) or s. 12, Art. VII of the State Constitution. Any such exemption shall remain in effect for up to 10 years with respect to any particular facility, or up to 20 years for a data center, regardless of any change in the authority of the county or municipality to grant such exemptions or the expiration of the Enterprise Zone Act pursuant to chapter 290. The exemption shall not be prolonged or extended by granting exemptions from additional taxes or by virtue of any reorganization or sale of the business receiving the exemption.

(6) With respect to a new business as defined by s. 196.012(14)(c), the municipality annexing the property on which the business is situated may grant an economic development ad valorem tax exemption under this section to that business for a period that will expire upon the expiration of the exemption granted by the county. If the county renews the exemption under subsection (7), the municipality may also extend its exemption. A municipal economic development ad valorem tax exemption granted under this subsection may not extend beyond the duration of the county exemption.

(7) The authority to grant exemptions under this section expires 10 years after the date such authority was approved in an election, but such authority may be renewed for subsequent 10-year periods if each 10-year renewal is approved in a referendum called and held pursuant to this section.

(8) Any person, firm, or corporation which desires an economic development ad valorem tax exemption shall, in the year the exemption is desired to take effect, file a written application on a form prescribed by the department with the board of county commissioners or the governing authority of the municipality, or both. The application shall request the adoption of an ordinance granting the applicant an exemption pursuant to this section and shall include the following information:

- (a) The name and location of the new business or the expansion of an existing business;
- (b) A description of the improvements to real property for which an exemption is requested and the date of commencement of construction of such improvements;
- (c) A description of the tangible personal property for which an exemption is requested and the dates when such property was or is to be purchased;

(d) Proof, to the satisfaction of the board of county commissioners or the governing authority of the municipality, that the applicant is a new business or an expansion of an existing business, as defined in s. [196.012](#);

(e) The number of jobs the applicant expects to create along with the average wage of the jobs and whether the jobs are full-time or part-time;

(f) The expected time schedule for job creation; and

(g) Other information deemed necessary or appropriate by the department, county, or municipality.

(9) Before it takes action on the application, the board of county commissioners or the governing authority of the municipality shall deliver a copy of the application to the property appraiser of the county. After careful consideration, the property appraiser shall report the following information to the board of county commissioners or the governing authority of the municipality:

(a) The total revenue available to the county or municipality for the current fiscal year from ad valorem tax sources, or an estimate of such revenue if the actual total revenue available cannot be determined;

(b) Any revenue lost to the county or municipality for the current fiscal year by virtue of exemptions previously granted under this section, or an estimate of such revenue if the actual revenue lost cannot be determined;

(c) An estimate of the revenue which would be lost to the county or municipality during the current fiscal year if the exemption applied for were granted had the property for which the exemption is requested otherwise been subject to taxation; and

(d) A determination as to whether the property for which an exemption is requested is to be incorporated into a new business or the expansion of an existing business, as defined in s. [196.012](#), or into neither, which determination the property appraiser shall also affix to the face of the application. Upon the request of the property appraiser, the department shall provide to him or her such information as it may have available to assist in making such determination.

(10) In considering any application for an exemption under this section, the board of county commissioners or the governing authority of the municipality must take into account the following:

(a) The total number of net new jobs to be created by the applicant;

(b) The average wage of the new jobs;

(c) The capital investment to be made by the applicant;

(d) The type of business or operation and whether it qualifies as a targeted industry as may be identified from time to time by the board of county commissioners or the governing authority of the municipality;

(e) The environmental impact of the proposed business or operation;

(f) The extent to which the applicant intends to source its supplies and materials within the applicable jurisdiction; and

(g) Any other economic-related characteristics or criteria deemed necessary by the board of county commissioners or the governing authority of the municipality.

(11) An ordinance granting an exemption under this section shall be adopted in the same manner as any other ordinance of the county or municipality and shall include the following:

(a) The name and address of the new business or expansion of an existing business to which the exemption is granted;

(b) The total amount of revenue available to the county or municipality from ad valorem tax sources for the current fiscal year, the total amount of revenue lost to the county or municipality for the current fiscal year by virtue of economic development ad valorem tax exemptions currently in effect, and the estimated revenue loss to the county or municipality for the current fiscal year attributable to the exemption of the business named in the ordinance;

(c) The period of time for which the exemption will remain in effect and the expiration date of the exemption, which may be any period of time up to 10 years, or up to 20 years for a data center; and

(d) A finding that the business named in the ordinance meets the requirements of s. [196.012](#)(14) or (15).

(12) Upon approval of an application for a tax exemption under this section, the board of county commissioners or the governing authority of the municipality and the applicant may enter into a written tax exemption agreement, which may include performance criteria and must be consistent with the requirements of this section

or other applicable laws. The agreement must require the applicant to report at a specific time before the expiration of the exemption the actual number of new, full-time jobs created and their actual average wage. The agreement may provide the board of county commissioners or the governing authority of the municipality with authority to revoke, in whole or in part, the exemption if the applicant fails to meet the expectations and representations described in subsection (8).

- (e) *Exemption.* Except as otherwise provided for in this article, the exemption may be for a period of up to ten years from the date the council adopts the ordinance specifically granting an exemption.
- (f) *Taxes applicable.* The exemption shall apply only to taxes levied city-wide by the city. The exemption shall not apply to taxes levied by a county, a county municipal services taxing or benefit unit (MSTU/MSBU), school district, water management district, or other special district or to taxes levied for the payment of bonds or taxes authorized by a vote of the electors pursuant to Section 9(b) or 12, Article VII of the Constitution of the State of Florida.
- (g) *Maximum amount of annual exemptions.* Notwithstanding any other provision of this article, the exemptions granted by the council for each fiscal year shall not result in an estimated aggregate annual amount of forgone ad valorem tax revenues in excess of \$2,000,000.00 or such other amount approved by a supermajority vote of the council, which amount shall be calculated based on the property appraiser's estimates on the revenue lost to the city during the then particular fiscal year by virtue of exemptions previously granted plus exemptions under consideration in such particular fiscal year.

([Ord. No. 1575, § 5](#), 9-5-2013)

Sec. 2-303. - Application for exemption.

- (a) *Application.* Any eligible person, firm, partnership or corporation which desires an exemption shall file with the council a written application on a form approved by the city.
- (b) *Review.* Upon submittal of the application, the administrator shall review same and, within ten days of submission, notify the applicant of any facial deficiencies. The administrator shall promptly deliver a copy of the application to the Seminole County Property Appraiser who shall promptly notify the applicant and the administrator of any additional information he or she determines to be necessary for adequate consideration of the application. Complete applications shall be scheduled for a public hearing before the council no later than 45 days following receipt by the administrator of the property appraiser's report provided for in this article. The applicant shall be notified of the date and time of the public

Sec. 2-304. - Council consideration of applications.

- (a) *Property appraiser review and report.* Before the council takes action on an application, a copy of the application, once deemed complete, shall be delivered to the property appraiser for review. After careful consideration of the application, the property appraiser shall provide a report to the council which shall include the following:
 - (1) The total revenue available to the city for the current fiscal year from ad valorem tax sources, or an estimate of such revenue if the actual total revenue available cannot be determined;

Upon request, the department will provide the property appraiser such information as it may have available to assist in making such determination.
- (b) *Eligibility threshold.* The threshold for eligibility is whether the business meets the definition of a new business or of an expansion of an existing business as provided in this article and in F.S. § 196.012 and satisfies any other economic-related characteristics or criteria deemed necessary or relevant by the council that promotes the sustainability of economic development within the city.

- (c) *Ineligible business.* Any business in violation of any federal, state, or local law or regulation, including without limitation, environmental matters, will not be eligible for an exemption.
- (d) *Exemption criteria.* In making its determination as to whether to grant the exemption, and, if granted, the duration and percentage of the exemption, the council shall apply the following guidelines which shall include, at a minimum, the following factors:

- (e) *Council ordinance.* After consideration of the application, the property appraiser's report, input from a community redevelopment agency, if applicable, and such other information it deems relevant, and the application of the exemption criteria, the council may choose in its sole and absolute discretion to adopt an ordinance granting an exemption to the applicant. If the council decides to adopt such an ordinance, the ordinance shall be adopted in the same manner as any other general ordinance of the city, and shall include the following:

- (f) *Precedent; standard for consideration of applications.* No precedent shall be implied or inferred by the granting of an exemption. Moreover, the transferee business shall continue to comply with all exemption requirements and shall assume in writing all of the obligations of the transferor business provided for in the agreement required pursuant to subsection 2-303(c) of this article. Failure of the business granted an exemption to notify the council of any such changes in ownership is cause for revocation of the ordinance granting the exemption, at the council's discretion.
- (b) *Annual filings.* The ability to receive an exemption for the period granted shall be conditioned upon the applicant's ability to maintain the qualified business throughout the entire period. The applicant shall be required to submit an annual renewal statement and an annual report to the administrator on or before March 1 of each year for which the exemption was granted. ([Ord. No. 1575, § 9](#), 9-5-2013)

- (3) *Reapplication.* Nothing herein shall prohibit a business from reapplying for an ad valorem tax exemption pursuant to state law.

([Ord. No. 1575, § 10](#), 9-5-2013)

288.106 Tax refund program for qualified target industry businesses.—

(2) DEFINITIONS.—As used in this section:

(q) “Target industry business” means a corporate headquarters business or any business that is engaged in one of the target industries identified pursuant to the following criteria developed by the department in consultation with Enterprise Florida, Inc.:

1. Future growth.—Industry forecasts should indicate strong expectation for future growth in both employment and output, according to the most recent available data. Special consideration should be given to businesses that export goods to, or provide services in, international markets and businesses that replace domestic and international imports of goods or services.

2. Stability.—The industry should not be subject to periodic layoffs, whether due to seasonality or sensitivity to volatile economic variables such as weather. The industry should also be relatively resistant to recession, so that the demand for products of this industry is not typically subject to decline during an economic downturn.

3. High wage.—The industry should pay relatively high wages compared to statewide or area averages.

4. Market and resource independent.—The location of industry businesses should not be dependent on Florida markets or resources as indicated by industry analysis, except for businesses in the renewable energy industry.

5. Industrial base diversification and strengthening.—The industry should contribute toward expanding or diversifying the state’s or area’s economic base, as indicated by analysis of employment and output shares compared to national and regional trends. Special consideration should be given to industries that strengthen regional economies by adding value to basic products or building regional industrial clusters as indicated by industry analysis. Special consideration should also be given to the development of strong industrial clusters that include defense and homeland security businesses.

6. Positive economic impact.—The industry is expected to have strong positive economic impacts on or benefits to the state or regional economies. Special consideration should be given to industries that facilitate the development of the state as a hub for domestic and global trade and logistics.

The term does not include any business engaged in retail industry activities; any electrical utility company as defined in s. 366.02(2); any phosphate or other solid minerals severance, mining, or processing operation; any oil or gas exploration or production operation; or any business subject to regulation by the Division of Hotels and Restaurants of the Department of Business and

Professional Regulation. Any business within NAICS code 5611 or 5614, office administrative services and business support services, respectively, may be considered a target industry business only after the local governing body and Enterprise Florida, Inc., make a determination that the community where the business may locate has conditions affecting the fiscal and economic viability of the local community or area, including but not limited to, factors such as low per capita income, high unemployment, high underemployment, and a lack of year-round stable employment opportunities, and such conditions may be improved by the location of such a business to the community. By January 1 of every 3rd year, beginning January 1, 2011, the department, in consultation with Enterprise Florida, Inc., economic development organizations, the State University System, local governments, employee and employer organizations, market analysts, and economists, shall review and, as appropriate, revise the list of such target industries and submit the list to the Governor, the President of the Senate, and the Speaker of the House of Representatives.

Our letter sent to the Supervisor of Elections on August 12, 2022, by City Clerk Elianne Rivera, is attached for your reference. Is there a way to add the language to the ballot? Or, are there any other options available to us?

Please let me know if you have any questions.
